Read the article about people's hobbies and interests and answer the questions. For statement 1, mark A, B or C. You can learn about different countries with this person's interest.

Three Hobbies

A. Katya, Russia

You may not believe this, but my interest is stand-up comedy! That means I tell jokes to an audience and hope that they laugh! When I was young my friends often wanted me to tell them funny stories. Now I go to uner-18s comedy clubs where people stand up on stage and do it! It's scary at first but it's an amazing feeling to hear people laughing.

B. Hugo, Germany

People say that my interest is a bit strange. It's called Toy Voyaging. The idea is that you send a toy around the world and get photos of it in different places. There's a special site where you can register to be a host and look after someone's toy. People send the toys by post and say what their toy wants to do while it's there. The hosts put photos on the site and people follow their travels and adventures! Does this sound crazy? Perhaps it is a bit! But it's great fun. You find out about lots of places in the world and chat to different people too.

C. Emma, UK

I'm sure some people think my interest is a bit unusual. It's cricket! You can see cricket matches on TV and in many English towns and villages at the weekends. It's a very traditional English sport played in a large field. Everyone wears white clothes and one person throws a ball which another person has to hit a long way. Some people think it's a crazy game because it's quite slow and people stand around a lot. But it isn't! It's great fun! There are lots of cricket clubs and it doesn't matter if you're young or old – everyone can enjoy it. I'm thirteen and I love it!
